

KEEPING SAFE & HEALTHY

CHRISTIAN VALUE-
THANKFULNESS & HUMILITY

Uncertainty
is a sign of humility
and humility
is just the ability or willingness
to learn

				15/12/17	Last day of term

Class News			Class Superstars
Wrens	This week Wrens have been getting very arty! We have been experimenting with paint to make different colours and have created our very own elephant with different colours and patterns for the Elmer parade to show that although we are all part of Wrens class, we are all different too. We have been busy writing and drawing pictures to show what we did during the Summer holidays for the hall display and showing what we know about numbers and shape through different activities. In our topic, we joined with Robins to learn about how to keep safe on the internet and when we use computers.		Sophia George V Holly Maci-Louise
Robins	Robins have been creating wonderful pieces of writing for our new hall display. We have written all about our adventures in the summer holidays. In Maths, we have been exploring different activities to remind us what we had been learning about place value before the end of last year. RE we have thought about how we should care for others and the world, and why is that important.		Chloe Noah Emily
Woodpeckers	In English, we have been exploring non-fiction writing when learning about Henry VIII. In Maths, we have been finding 1, 10 and 100 more or less than different numbers to solve missing number problems. We have also been learning how to keep safe when online and about different beliefs about God.		Jessica Coco Oliver
Owls	This week, we have been reflecting on our summer holiday and have been writing, editing and presenting a recount. In maths we have been developing our place value skill by learning how to read and write seven digit numbers and also showing different ways a number can be represented. On Thursday afternoon we enjoyed our first forest school session and some of us got a little bit muddy!		Seth Chloe Pippa Milo
Peregrines	This week we have been busy writing, editing and presenting a recount about our holiday. In Maths we have working with place value. In P.E we have either been swimming or learning to play a hockey game called quicksticks. We have also been playing netball. Our art work, based on the work of Chuck Close, looks great on the ceiling of our classroom along with our decorated birds. On our birds, we have also written our aims for the forthcoming year.
