

KEEPING SAFE

LEARN THE UNDERWEAR RULE
TALK PANTS AND YOU'VE GOT IT COVERED!

P RIVATES ARE PRIVATE
 Parts of your body covered by underwear are private. No one should ask to see, or touch them. Sometimes doctors, nurses or family members might have to. But they should always explain why, and ask if it's OK first. No one should ask you to touch or look at parts of their body that are covered by underwear.

A LWAYS REMEMBER YOUR BODY BELONGS TO YOU
 It's your body, not one else's. No one should make you do things that make you feel embarrassed or uncomfortable. If anyone tries, tell an adult you trust.

N O MEANS NO
 You have the right to say 'no' – even to a family member or someone you love. Remember, you're in control of your body and your feelings are important.

T ALK ABOUT SECRETS THAT UPSET YOU
 Secrets shouldn't make you feel upset or worried. If they do, tell an adult you trust. You will never get into trouble for sharing a secret that upsets you.

S PEAK UP, SOMEONE CAN HELP
 Talk about stuff that makes you worried or upset. An adult you trust will listen, and be able to help. It doesn't have to be a family member. It can be a teacher or a friend's parent – or even ChildLine.

January 26th – Love & Friendship

Beautiful young widow Lady Susan Vernon visits the estate of her in-laws to wait out the colourful rumours about her dalliances circulating through polite society. Whilst ensconced there, she decides to secure a husband for herself and a future for her eligible but reluctant daughter, Frederica. In doing so she attracts the simultaneous attentions of the young, handsome Reginald DeCourcy, the rich and silly Sir James Martin and the divinely handsome, but married, Lord Manwaring, complicating matters severely.

Class News

Class Superstars

Wrens	This week, Wrens have been making hot chocolates to help us write instructions and drawing a story map to help us learn our new text. In Maths, Year 1s have been using their number bond facts to see the relationship between adding and subtracting. Reception children have been busy collecting data and building their own bar graphs using practical equipment. In topic, we have been learning all about the animals who live in the Arctic and in P.E. we have been learning different balances and positions in gymnastics and using different techniques to jump off the vault.	Dexter B Maci-Louise Maths Star: Elisha
Robins	Robins have been busy learning all about habitats. We talked about how different animals can survive in The Polar Regions and then invented our very own animal that could survive there. We discussed all that we know about Antarctica and used these facts to set up our brand new "polar explorer igloo" role play area.	Isla Eliona Evie
Woodpeckers	In Maths this week we have been learning to tell the time on digital and analogue clocks. In our English lessons we have been looking at the story of Charlie and the Chocolate Factory. We have discussed the main characters and written newspaper reports about some of the events that happened in the text.	Jesse, Daisy
Owls	In Owls this week we have been sugar detectives! We have been looking at the amount of sugar in a range of food and drink products and using the knowledge we gain to predict how much sugar is in our packed lunch. The results were quite surprising and can be found on a display in the hall, please take a look.	Oliver, Hannah Connor, Skye
Peregrines	In Peregrine class we have been performing our playscripts to an audience using our puppets shows and puppets. We have also been looking at a government initiative to reduce our intake of sugar. To help the cause, we have been investigating the amount of sugar, saturated fats and salts are in breakfast cereals and identifying the impact of too much sugar in our diet. We have used this information to produce posters for our chosen audience.	Henry, Joseph Rory, Charlie. Jack, Finley
