

KEEPING SAFE & HEALTHY

HEAD LICE – A GUIDE FOR PARENTS

Checking the hair of everyone in the family at least once a week ensures early detection.

WET COMBING – HOW TO DO IT!

You will need: A Nit Comb
Good lighting
An ordinary Comb or Brush
Conditioner

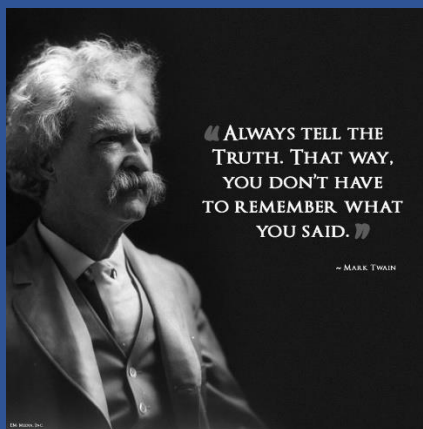

- 1) Wash the hair well, then dry it with a towel. The hair should be damp, not dripping. Apply ordinary conditioner and leave in the hair.
- 2) Make sure there is good light. Day light is best.
- 3) Brush or Comb the hair first. You may find dividing the hair into sections with clips etc. useful.
- 4) Start with the teeth of the detection comb touching the skin of the scalp at the top of the head.
- 5) Comb through each section from the scalp to the ends of the hair.
- 6) Look carefully at the teeth of the comb in good light and wipe with a tissue.
- 7) Do this for as long as it takes to comb each section of the hair.
- 8) If there are head lice, you will find one or more lice on the teeth of the detection comb.
- 9) Continue to comb through each section to remove any live lice until no more are detected.

This will not remove 'live' eggs so you will need to repeat every day in order to remove any newly hatched lice.

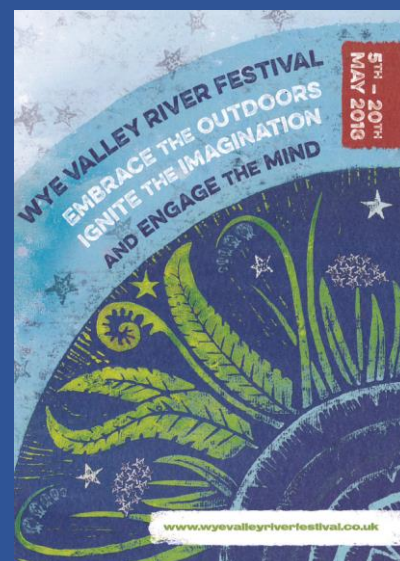

- 10) If you are going to use lotions DO NOT TREAT unless you are sure you have found a living moving louse

Notices

- Over the Autumn and Spring Terms we seem to have had more than our fair share of bugs. Attendance is very important as they miss chunks of lessons that is difficult to repeat. If you aren't sure how poorly they are, please send them in, we will of course contact you if they become noticeably worse.
- Please keep the bus bay clear in the mornings and afternoons as our unsupervised bus children have had to get out of the bus in the middle of the road.

What's Going On? (Please see ourschoolsapp.com for further information)

Class News

Superstars

Wrens	This week, Wrens have been planning a non-chronological report on either a pirate, mermaid or sea creature. We looked at Captain Hook, Ariel (the little mermaid) and a killer whale to help us plan our report. In Maths, Reception children have been counting up to 20 and finding one more/less and Year 1s have begun to look at multiplication and division and use their counting in 2s, 5s and 10s to make equal groups. In PE, we have worked on our throwing skills and aiming at a target.	George T, Dexter HC, Alfie, Selena & Finley B
Robins	This week, Robins have found a mysterious letter from a mermaid, telling us that she has lost her favourite. We replied as soon as we could to tell her that Mrs McCarthy had found it on the beach. In Maths, Year 2 have been looking at the relationship between multiplication and division. In RE we started talking about special places we have in our lives.	Huxley, Jessie, Jake and Bluebell
Woodpeckers	In English we have been writing our own poems inspired by 'The Quangle Wangle's Hat' by Edward Lear. In Maths we have been using mathematical vocabulary when describing, drawing and making different shapes. We have also enjoyed starting to play the ukulele and have demonstrated some fantastic skills in our Worcester Warriors Tag Rugby sessions.	Evie & Ruben
Owls	In maths this week, we have been extending our knowledge of decimal numbers. We have been making links to our topic work in English by writing newspaper reports about the outbreak of World War 2. This week we are leading Celebration Collective Worship and sharing with everyone what we did in our Wye Valley River Festival art workshop which we did last Friday.	Molly, Vaughan, Alex & Jesse
Peregrines	In English this week, we have been focusing on our reading comprehension skills and publishing our newspaper, television or radio reports about the outbreak of the second world war and in maths we have been solving ratio and proportion problems and looking at algebra. In topic we have been organising World War II events onto a timeline whilst in P.E. we have been active in hockey, athletics and rugby.	Seth, Henry, Sam C, Aarrowen & Matilda & Jack
