• BIG NEWS FOR GOODRICH PRIMARY SCHOOL

The governors have applied for planning permission to build a nursery building at the back of the school. This will have to go through the correct process but we are hopeful that we will be able to open our own nursery for 2 year olds+ in September.

We know that soon every local primary school (except one) will have a nursery on site and so it is key to the long term success of our school.

The building will 'fit' with our school and provide a 'homely' feel whilst being a full part of our school community.

Please share with anyone that might be interested and we intend to share lots more information when planning permission has been received.
