Primary School Newsletter

News

Dear Parents & Friends,
The weeks are whizzing by and I'd like to thank everyone for bearing with us as we continue with the building work. Things are moving on rapidly and of course you are all welcome to have a good look after half term on our open afternoon. Don't be shy, it will be a true celebration for the school.

We are now planning the outside area in more detail- we would be very grateful if anyone has any contacts that could perhaps help us with a large tractor tyre. It would need to be in reasonable condition. Any normal tyres would be useful too. As normal we have given the Newsletter a little bit of a re-jig. Please let me know if there is something that you would like to be on it that isn't currently included.

I would like to make a request in the interests of us all. If you are in your cars waiting to pick up, it would be amazing if you can turn your engines off rather than idling. As Greta Thunberg points out as she passionately pleads to politicians and leaders, we cannot know the damage we cause and do nothing. We have to do whatever we can. I watch her in awe and feel a little ashamed.

Finally I would like to share how lovely it has been for me to get involved with the school garden this year. Whilst I do not have the expertise of Ms Small, (what an amazing lady), I love learning alongside the children. We have called ourselves the Garden Guardians and I find my time with them a complete privilege. Full of enthusiasm and ideas- perfect. The time with them enjoying the natural world is like a breath of fresh air in a busy week.

I wish you all a fun filled weekend.

Mrs Miles

Class News

Class News		Class Superstars
Goldcrests	We have been busy making friends and exploring all the toys in Goldcrests. We have really enjoyed playing outside, investigating malleable materials such as gloop and playdough and creating some wonderful drawings and paintings for our gallery.	
Wrens	Wrens have settled in brilliantly to school life. We have been learning how to read and write different letter sounds. In Maths, we have been practising our number skills and sharing what we know about shape, space and measures. We have enjoyed exploring Forest School, creating and testing out kites and making up stories with our new friends.	Maggie Sam
Robins	Robins have been exploring the signs of autumn for the past few weeks. We have been learning all about typical weather, making wind vanes, learning about day lengths and collecting signs of autumn on an autumn walk. In English we have been learning to describe autumn using adjectives, expanded noun phrases and conjunctions such as, <u>and</u> , <u>but</u> , <u>or</u> .	George Henry Kaiden
Woodpeckers	Woodpeckers have been settling well into junior life. In Maths we have been developing our knowledge and understanding of three digit numbers and in English, we have been learning all about determiners, nouns and expanded noun phrases to help us write spine poems to describe a person. In our topic, 'Facing the World', we have been using atlases to look at different countries taking part in the Rugby World Cup and to look closely at the places that make up the United Kingdom including countries, cities and seas. Over in Forest School, we have been doing lots of activities involving team work, problem solving and of course, getting very muddy!	George Jessie Lucas
Owls	Owls have made a fantastic start to the year. In Maths we have been focusing on extending our knowledge of place value in number and learning more about 2D shapes. In English, we have written creative poems and are now beginning to plan our ideas ready to write autobiographies linked to our topic, Facing the World. In topic and Science we have been learning more about the solids, liquids and gases. In Art we have been exploring the proportions of the face and have drawn some wonderful portraits.	Bluebell Joel Timmy
Peregrines	Since coming back, in English we have written a recount of a memory from our holiday and transcribed a poem about new possibilities. In Art, we have created an abstract self-portrait in the style of the artist Paul Klee. In Maths we have been looking at place value, particularly rounding and negative numbers, and in Science we have been investigating how we see things. What a great start and our classroom is full of colour and creativity!	Sid Mollie Hannah Scarlett Coco Daisy May

Sports News

Ashfield Park Primary vs Goodrich CE Primary
Tuesday 1st October 2019

On Tuesday, a Year 5 and 6 team played our first football match of our new league against Ashfield Park Primary. Sadly, we lost 5-1 although we had lots of chances to score but there was some great defending by the opposite side.

It was a good game, showing our skills and for us to take back things we need to work on for our next match.

Well done to everyone in the team.
