

Remote Learning at Goodrich Primary School

This plan outlines the three types of Remote Learning which will be offered to children if their learning is disrupted by Covid between September 2021 – July 2022. It is not anticipated that there will be a return to whole school closures nationally and class closures will be a last resort (see Covid Contingency Plan Sept 2021). However, it is likely that some children will have to miss school because they have asymptomatic Covid. It is also possible that, should there be a major Covid outbreak within school, whole classes may have to move to home learning for 10 school days. If your child is ill with Covid, or any other illness, they won't be expected to complete any home learning.

There are three different types of home learning available:

	Type of Remote Learning		
	Individual Isolation 	Whole Class Bubble Closure 	Whole School Lockdown Closure 
Who is this for?	This is for individual children who can't attend school because they have Covid, but don't have symptoms so can continue to access learning at home during isolation.	This is for whole classes who have been moved to remote learning for 10 school days because there has been a significant outbreak which continues to spread.	It is not expected that there will be a need to close the whole school as a result of Covid. However, should this be necessary, then this home learning will be provided.
How will the learning be structured?	<p>As the teacher will still be teaching the rest of the class in school, and as we have ensured that all children have a digital device to access live lessons, the teacher will provide:</p> <ul style="list-style-type: none"> • Access to live teaching via Zoom so that the child can participate in the class learning at the same time as their peers in reading, writing and maths lessons (although we will endeavour to provide live learning for other subjects too). 	<p>As the whole class will be working from home, the teacher will teach the curriculum via Zoom. It will include daily English and Maths teaching. This may take the form of:</p> <ul style="list-style-type: none"> • Twice daily registrations and a story • Live teaching (via Zoom) • Video tutorials led by Oak Academy or White Rose • Daily live (via Zoom) feedback sessions • Other activities as emailed out each week by staff 	<p>As the whole school will be working from home, the teachers will teach the curriculum via Zoom.
