News

Dear all,

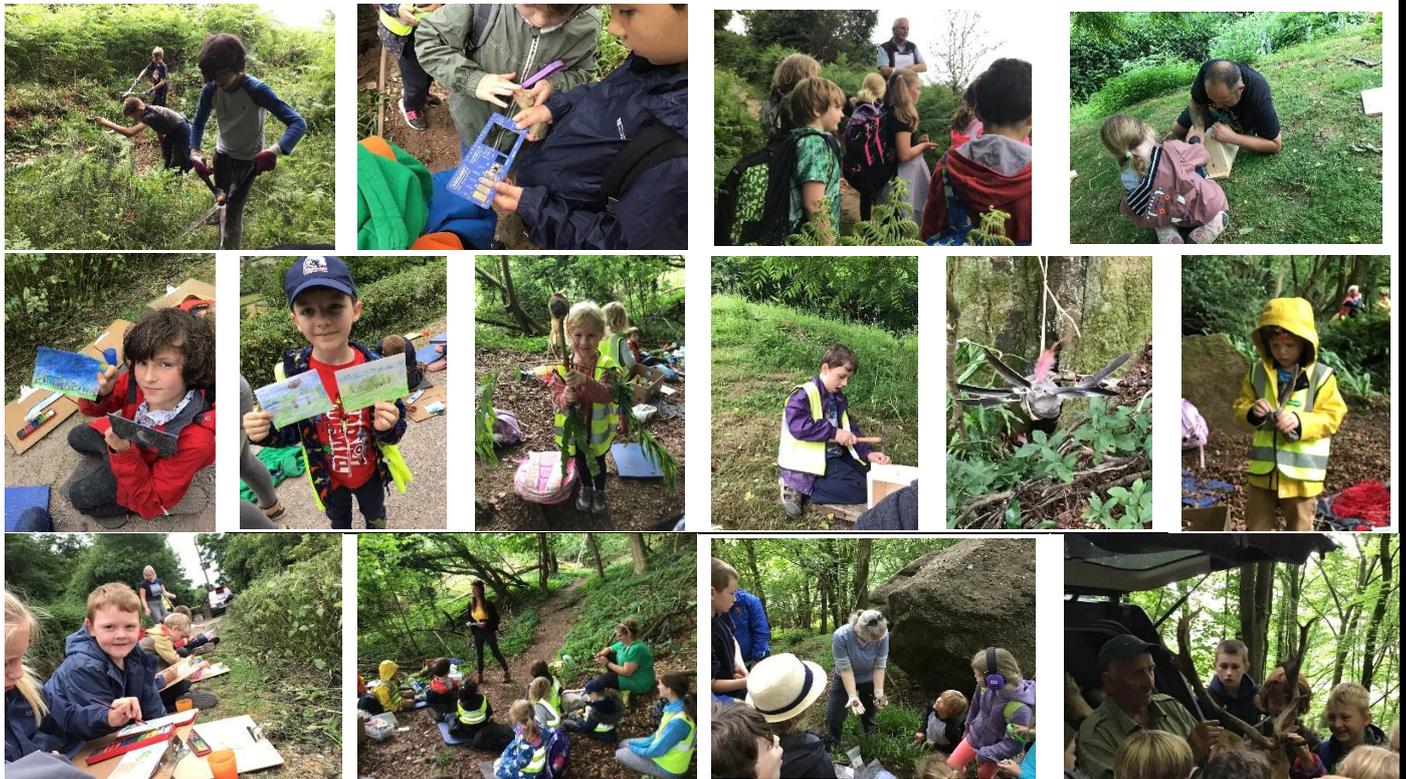

As you know we have been tightening up on snacks in the mornings and we are very grateful that these are generally very healthy. In September we will be beginning to look at lunchboxes too, so I would like to remind you that they should not contain chocolate or crisps. At the top of the newsletter is a poster about the food groups which need to be included and in September we will be sharing lots of ideas for keeping them interesting. We will also be expecting children having school dinners to learn to eat with a knife and fork, so some practise for some over the holidays would be much appreciated.

This week the Year five and six children have been able to take part in 'Battle of the Bands.' We are always inspired by their bravery as well as their talent and this year has been no different. We have four truly worthy finalist who will be performing this afternoon and we wish them all luck. They are all winners to us!

I'd like to finish by saying a huge thank you to everyone involved with the Coppett Hill trip last week. The Coppett Hill Trust gave the children an amazing opportunity and the learning contained in the day seems endless- we are so grateful to them and the 'experts' they brought onto the hill. However, it wouldn't have been possible to take the whole school without the many parent leaders and volunteers who joined us, so many thanks to you all.

I'm sure you can imagine that it was a logistical nightmare which Mrs Lafford completely led from the start, ably assisted by Mrs Jones. Well done for all the 'over and above' you gave to produce such an action-packed day.

Best wishes
Mrs Miles

Class News

Class News				
Goldcrests	<p>During our Forest School sessions, the children have been learning about fires and fire safety, in order to cook their snack food of s'mores and dampers (bread dough on sticks). The police station role play has been a very busy area with lots of great play scenarios with lots of people being arrested. Even being handcuffed through the use of the large magnets, linked around their hands. Extending this by creating a car/aeroplane which took the police officer for a well-earned break at soft play. We have been exploring in more depth the properties of shapes through the children creating some fabulous robot pictures and learning how to use a ruler, to draw straight lines and measure items around the Nursery. They followed a colour key code to make colour representations of rainbow. The children thoroughly enjoyed joining in with National sports week and have carried this on within their play as they have organised running races and team games, especially 'Duck, Duck, Goose.'</p>			
	Quote of the week	Body & Mind	Wow play!	Words of the Week
	<p>Showing care and concern for the environment Flora commented "you mustn't break toys because then you buy new ones, that's bad for the environment. Somethings are bad for the environment, like dropping plastic in the water."</p>	<p>Lighting the fire pit at Forest School.</p> 	<p>Using our shape knowledge to create robots.</p> 	<p>Something beginning with 'r'</p> <p>ruler rabbit rake rat robin roaster rocket</p>
	<p>We have been thinking about how we can keep fit and healthy. We were brilliant at walking to our Coppett Hill activities and had a great time building bird boxes, painting, making woodland creations and exploring the animals and plants that can be found in the local area. We have been creating our own class version of a journey story. We have had fun measuring length, distance and time and have been super at thinking about the best equipment to use to do this. We have also been thinking about the different groups we belong to and how being part of a family, team or club makes us feel.</p>

	<p>When exploring 3D shapes Rexx commented, "We can't stack anything on the top because a cone has a pointy bit on the top."</p>	<p>We had lots of fun trying out different sports activities as part of National Sports for School Week.</p>		<p>belong speck further braid distance</p>
Robins	<p>It was National Sports for School Week, last week, and as part of our focus we looked at different sports from the Commonwealth Games. We took part in athletics, gymnastics, para sports and a range of team games, both the children and adults in Robins really enjoyed playing Boccia! On Friday everyone took part in a Forest School Day up Coppett Hill, doing a wide range of activities including water colour painting, geology, geocaching, floral fauna, art, maintenance, map work, bird box making and tree identification. We all had a brilliant day and the children showed such enthusiasm. On Monday it was our collective worship and I am so proud of all the children, they presented and played the recorder fantastically. Their hard work with all the practising really showed. I hope you all enjoyed it.</p>			
	<p>In English the children have been immersed in the story of Meerkat Mail, they have been using adjectives to describe Sunny, the main character and writing questions that they'd like to ask him. In History the children have been looking at another significant individual in history, Emily Davidson who fought for votes for women. In science we made predictions on a colour mixing experiment as to what would happen when putting a paper towel into water with food colouring, some children thought hard about what they thought might happen.</p>

	Toby came to school the other day and said Miss Price I have a fact for you. "Humans are the only animal to have a chin!"	We all took part in a mindfulness meditation which the children really enjoyed click here to try it! 	National sport week homework 	chew cold heat cosy ache	
Woodpeckers	Last week, it was National Sports for School Week, and as part of our focus we looked at different sports from the Commonwealth Games that will be held in Birmingham during the Summer. We took part in athletics, gymnastics, para sports and a range of team games. We also ended the week with a Forest School Day up Coppett Hill, doing a wide range of activities including geology, geocaching, floral fauna, art, maintenance, map work, bird box making and tree identification. We had lots of fun! In Maths this week, we have been adding and subtracting fractions and in English, we have been using our Now Press Play experience on volcanoes and earthquakes to write a newspaper recount. In Computing, we have been experimenting with different tools to edit photos and in Science, we have started our new theme, 'Forces and Magnets' and have been looking at different activities involving push and pull forces.				Last Week Henry P Eve Ruby-Kate Henry G Tristen Leland

	During our Maths lessons on adding and subtracting fractions, Harley said; "It's just like 5-3, five sevenths take away 3 sevenths equals 2 sevenths".	  Some photos from National Sports for Schools Week.	 Henry started this masterpiece during lockdown and has finally finished it. What a great use of different types of media to create this painting.	united volcano earthquake force	This Week Harley Matthew Otis Andrei Ted
Owls	This week, Owls class have been adding and subtracting fractions with different denominators in maths. In geography we have been learning about the minerals, fertile soil, geothermal energy and tourist trade which draw many people to live near a volcano. In English, we have been using imotion to create an advertisement campaign to promote our newly invented firework and packaging. In art we have been creating our designs in preparations for doing our batik patterns. We have also been involved in performing and listening to wonderful performances in Battle of the Bands this week.				Last Week Liam Leo Jacob B Monty
	Quote of the week	Body & Mind	Wow work!	Words of the Week	
	When asked if you could wish for anything what would you wish for? Oliver said, 'I would wish that plastic didn't exist.' While Beatrix said, 'I'd wish for the world's biggest chocolate!' Both would be superb!	 'Run a mile' with a difference on Owl's wheels day!	 We enjoyed lots of physical activity on Coppett Hill during our Forest School day and showed fantastic teamwork skills.	Compressed Particles	This Week Holly Finley B Oliver Delphi

Peregrines	<p>What a busy time we have been having! Last week we took part in various sporting activities that will be part of the Commonwealth Games next month in Birmingham. We ended the week with a Forest School Day up Coppett Hill, doing several activities including maintenance, map work, tree identification and geology. This week, in English, we have been making props and scenery as well as rehearsing for our forthcoming Greek myths and legend plays. In maths, Year 5 have been solving problems involving units of measure, while Year 6 have continued to keep track of their budgets, revenue and profits in their first year of business in their theme park maths project. On Tuesday, we had Battle of the Bands. It was a fantastic afternoon of musical entertainment. The performers, presenters and audience were all great. There was a real buzz in the hall. Regardless of who wins the final, all of the performers stepped out of their comfort zone and achieved something very special.</p>			<p>Last Week Sammy-Jo, Chloe Sam Emi Stefan Huxley Timmy Dexter</p> <p>This Week Huxley Dexter Tallulah Lucas Alfie</p>
