- Please check all of your uniform is named, it is impossible for us to reunite it if it isn't. Un-named lost property is on the benches by the main entrance.
- Harvest Festival- Please bring donations on Thursday.**

PTFA/ Forthcoming Events

News

Dear all,

This week, we were very lucky to have 'Sea Legs Puppet Theatre' to perform Edward Lear's, "Dream". The children sat engrossed for the one-man performance with the most amazing set, puppets and music. At the end, he happily answered questions about the story and how the whole show had been created, including the many puppets. What a treat.

Over the last two weeks we have been introducing our second new rule- BE SAFE.

The children have thought about how they can do this all over the school from keeping chair legs on the floor to why you need to follow instructions to stay safe.

Please talk about this rule with your child/children over the weekend and how they can do this out of school time too. E.g. holding your hands when they cross the road.

Next week we will hold our Harvest Festival on Thursday morning at 09:30, please join us if you would like. Donations of any dried goods, toiletries, UHT milk and cereals will be gratefully received and will be offered to the Ross Food Larder. Letters will be coming out for Parent Consultation meetings next week, straight after half term. It would be greatly appreciated if you can return those forms as soon as possible.

Enjoy the weekend.

Best wishes
Mrs Miles

Class News

Goldcrests have been busy learning all about vegetables and harvest. Looking at sizes as we read our book, 'The Enormous Turnip,' being amazed as we discovered how enormous they could be. After reading the book 'Fox makes Friends,' we went on an apple hunt in Forest School, practising our counting skills to see how many we had found, and created some of our own friends. We have been using the corn to explore weighing using our balances to find out which is lighter or heavier. Playing in the sandpit, we have been using the tractors to harvest the potatoes, carrots, onions and radishes planted in there. Making carrot cakes and finding out how to use an electric whisk to combine our ingredients. The cakes were delicious!

Goldcrests

Quote of the week

Dancing in front of the glass door, Athena commented "I can see myself, it's copying me."

Body & Mind

Talking about keeping ourselves healthy through eating vegetables. During Forest School the children designed and made some vegetable people.

Wow play!

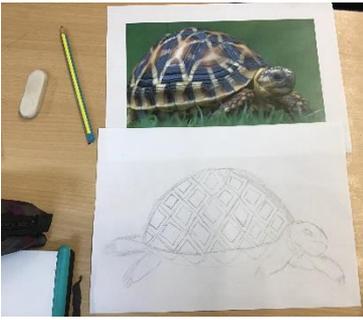

Displaying our treasures from our Autumn walk to the castle.

Wrens	<p>In Wrens we have been thinking about the world and the amazing creatures and plants within it. We had a great time on our trip to Ross Community Garden and learned about the plants that are growing at this time of year. We have created our own wonderful world and have begun to think about how we can look after the world in which we live. In Maths, Year R have been exploring the number three and comparing lengths and heights of objects and Year 1 have been learning different addition number facts. In our Music sessions, we have been practising how to use the percussion instruments to show the pulse of different styles of music. We are also continuing to learn about different structures and thought carefully about how we positioned blocks when building our own walls.</p>				Class Superstars

<p>When arranging natural materials in the small world area, Benjamin commented, "This looks symmetrical because it is the same on both sides."</p>	<p>We enjoyed thinking about the world around us in Forest School.</p>	 <p>Wrens worked together to make a 'Wonderful World.'</p>	<p>squash precious diagonal tear perform</p>		
Robins	<p>Last Friday Robin's class presented their first celebration worship of the term. They did an amazing job, speaking in front of an audience, I am very proud of them all. In English we have finished writing the last part of our version of the Gingerbread man story with the different characters the gingerbread man meets on the way. In Maths we have been focussing on addition and subtraction, the year 1s have been counting accurately whilst the year 2s have been learning how to work it out in a column. In Art we have sketched a landscape and are now using water colours to colourwash a background before adding detail. Geography has taken us all over the UK as we look at the capital cities. In Science we explored if different objects can be squashed, twisted or bent. In PSHE we have been thinking about how our family and other trusted adults care for us. In PE we have continued to develop our underarm throwing skills. Finally, we had a wonderful afternoon on Monday watching the theatre production of Edward Lear's Dream by Sea Legs Puppet Theatre. The children thoroughly enjoyed the production.</p>				<p>Last week Willow Ezra</p> <p>This Week Nihan Toby</p>

<p>When looking at a variety of vegetables, Darcie said, "the potato is soft when it's mashed."</p>	 <p>Fantastic underarm throwing in PE.</p>	 <p>Freddie was investigating if the playdough would stretch.</p>	<p>image double snarl text smell</p>		

Woodpeckers	<p>This week, we have been using our Science knowledge of the Eatwell Plate to think about how we may use vegetables to create different meals. We linked this to Harvest and made a vegetable soup using local produce, where we developed our cutting skills and how to be safe when using sharp objects and then cooked it on a fire in Forest School. We also looked closely at corn on the cob and cooked these on the fire too! We learned all about different vegetables including root vegetables and leafy greens and what nutrients we get from them. In Maths, we have been using our knowledge of number and place value to compare three-digit (year 3) and 4-digit numbers (year 4) using greater than, less than and equals to symbols and in English, we have been reading non-fiction texts about animal diets and vegetables to help us retrieve information and answer questions based on the text.</p> <p>In RE we have been learning about the creation story and what we can do to look after God's creation. In PE, we have been using different equipment to work on our hand-eye co-ordination, throwing and catching and teamwork skills and in DT, we have been tasting different dips to design our dip. Hummus was very popular, with Thousand Island a close second!</p> <p>Finally, this week, we were very lucky to have Sea Legs Puppet Theatre come to our school to perform Edward Lear's Dream and find out all about how the puppets were made and how the writers made the show.</p>				<p>Last week Zara Ruby-Kate</p> <p>This Week Charlie Freddie Merrie Maude</p>
	Quote of the week	Body & Mind	Wow work!	Words of the Week	
	<p>In our class discussion about why do we need fruit and vegetables in our diet, Zara said; "They keep us healthy".</p>	 <p>We have been working on our throwing and catching skills with different size balls and objects like cones, bats and rackets.</p>	 <p>Working together to make a harvest vegetable soup and preparing our corn on the cobs.</p>	<p>identify numb scan skilled exoskeleton endoskeleton</p>	
Owls	<p>On Monday afternoon, we enjoyed a performance of Edward Lear's Dream by Sea Legs Puppet theatre. In Maths, we have been extending our knowledge of negative numbers and applying our skills to solve problems. In English, we have identified techniques used by authors to write effective character descriptions and learned about modal verbs. In History we have been looking at Ancient Egyptian artefacts and thinking about what they tell us about the past. In Science we have been investigating which materials conduct electricity. As we planned our experiment, we identified what our independent, dependent and control variables were in order to make it a fair test. On Friday, Year 5 enjoyed an outdoor pursuits day at the Wye Valley Youth Hostel while Year 4 enjoyed a day of activities including bread making, Art, Computing and PE at school.</p>				<p>Last Week Eve Otis George Jasper P</p> <p>This Week Freya Andrei Jacob Carter</p>
	Quote of the week	Body & Mind	Wow work!	Words of the Week	
	<p>When a friend asked Ella how to spell component, she replied, "It's written in your book so you can copy it." Good thinking Ella!</p>	<p>We start our day with a 5-minute fitness activity. Our fitness levels are improving and it wakes us up so that we are energised for the day!</p> 	 <p>This is a fantastic sketch of a tortoise, Otis!</p>	<p>Contemplate profound occasionally rebuff</p>	

In English, we have been writing setting descriptions and we have been recapping and deepening our understanding of relative pronouns and clauses and using commas to avoid ambiguity. In Maths, we have been multiplying and dividing numbers by powers of 10 and also rounding numbers to a given degree. In Art, we explored the work of Piet Mondrian and we used his style to create our art work whilst only using the three primary colours. In Science, we investigated what happens to mixtures when they are combined with water and in Geography we carried out our own research to find facts about the climate, environment, plants and animals found in tundra and freshwater biomes. On Friday, we enjoyed a day of team building and outdoor pursuit activities at the Wye Valley Youth Hostel.

WE ARE HOSTING A Clothing Collection with Rags 2 Riches 4 Schools.

Help us fundraise by donating good quality, unwanted, re-useable, clothes and accessories.
(Please make sure they are clean, dry and shoes are tied together)

Currently your donations become affordable clothing in Ukraine

Do not send poor quality, dirty or wet items, and no duvets, pillows, curtains, books, CDs or bric-a-brac please.

STOP and THINK – is it something you'd wear out and about yourself? or pass to a friend?

If not, no-one else will want to buy and wear it either, so it's not reusable.

Even if it's only one t-shirt please bring it in and involve family, friends and neighbours too.

Donations – By 17/10/22
Collection Point – Bike Store at School
Collection – 9:00am on 18/10/22

Thank you for your support in helping raise additional funds for our school for the benefit of our children – PTFA.
