TALK PANTS AND YOU'VE GOT IT COVERED!

THE UNDERWEAR RULE: A BRIEF GUIDE FOR PARENTS AND CARERS

Talking about sexual abuse with your child doesn't have to be scary. In fact, you don't even have to mention 'sexual abuse'. Simple conversations can help keep your child safe.

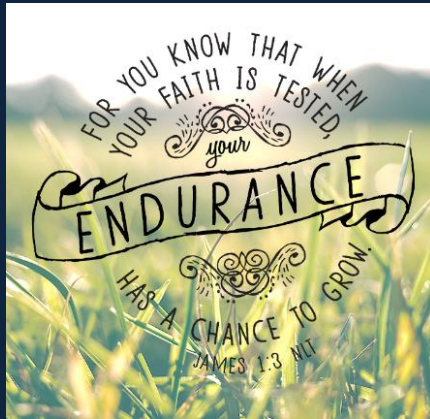

The Underwear Rule is a way to help keep children safe from abuse. It teaches children that their body belongs to them, they have a right to say no, and that they should tell an adult if they're upset or worried.

We've created an easy-to-remember guide – **TALK PANTS** – that helps children understand the key points of the Underwear Rule. Don't feel you have to go through all of these points by point – it's much better to have little conversations, so and when the subject comes up. You can always use The Underwear Rule: A guide for children when you're having these conversations.

- P** RIVATES ARE PRIVATE. BODY BELONGS TO YOU.
- A** LWAYS REMEMBER YOUR BODY BELONGS TO YOU.
- N** O MEANS NO.
- T**ALK ABOUT SECRETS THEY UPSET YOU.
- S**PEAK UP. SOMEONE CAN HELP.

TALK PANTS AND YOU'VE GOT IT COVERED!

News

Dear all,

This week in our Collective Worship on Monday we sang 'Be Bold, Be Strong, For the Lord your God is with you' which was a good introduction to the important message that followed. I shared the important messages using NSPCC resources that 'Pants are private', 'Always remember that your body belongs to you,' 'No means no,' 'Tell about secrets that upset you' and 'Speak up, someone can help.' We watched the Pantosaurus song which reinforced the important messages. We then spent longer talking about what are good secrets to keep or not and who is a trusted adult? Some children talked about sharing with a friend or with God in prayer and whilst we would normally support this, we said it would be better if it was someone who was able to help in a more immediate way... and then perhaps you could share a prayer with the adult too. I would be very grateful if you can revisit the key points at home.

Green Phoenix house have today enjoyed their reward from the Spring house points. They chose to make pizzas with our cook Matt and then have an early lunch to enjoy them together. A great time was had by all. Well done Phoenix House. I wonder who the summer winners will be and the end of term too! We will finish our house points for the year at the end of next week so that we have time to organise both rewards before Year Six leave us.

What a positive end to the week.
Have a wonderful weekend.

Best wishes
Mrs Miles

Class News

The children have been exploring lots of activities beginning with the sound 'j', taking on the role of Police Officers, putting all the baddies in 'jail.' Along with being roaring lions and tigers in the 'jungle,' stalking their prey of monkeys, giraffes and elephants and having a great time practising their physical skills, 'jumping' over hurdles. We also been painting some amazing 'jellyfish' pictures too. In our sensory tray we have been exploring Gelli baff, finding out that it was "slimy, wet, squelchy, squishy, squashy and wibbly wobbly." During our Forest School session, the children learnt about staying safe around a campfire (whilst we learnt a new poem 'matches, matches never touch - they can hurt you very much') as we cooked some "delicious, yummy and sticky" s'mores. This week we started off with a very exciting Monday morning at Forest School as the children slid down the slippery slope, some getting very wet and muddy, but coming back for more. We have been looking at the letter sound 'g' through playing in our 'garden' centre role-play area and re-enacting the story of 'Goldilocks' and The Three Bears, where we have talked about the sizes, big, medium and small. Looking at the stories of the 'Gruffalo' and The Three Billy 'Goats Gruff,' in our small world and literacy area. As well as creating some marvellous models of the Gruffalo, as we researched his characteristics. The children have been listening to the story of The Good Mood Hunt and discussing different emotions, as we talked about what makes us feel happy, sad, cross, scared, even 'frustrated.' We have been busy in the Nursery garden as we tended to our plants, which need lots of water at the moment, as well as adding some new plants for the Autumn term.

The children have had an amazing time visiting 'Big School', coming back explaining it is "good, great, I love it" commenting "there wasn't any chairs, we had to sit on the floor."	 <p>Having great fun with our friends sliding down the slippery slope.</p>	 <p>Hunter made a fabulous model of the Gruffalo.</p>	<p>Words beginning with 'j'"</p> <ul style="list-style-type: none"> jam jeep jewels jellyfish juice jumper <p>Words beginning with 'g'"</p> <ul style="list-style-type: none"> gate gorilla green gardening gloves garlic grapes

Class Superstars

Wrens

In the last two weeks in Maths, Year One have been looking at Tally charts, addition and subtraction and the symbols for greater than, less than and equals. Reception have been finding number bonds to ten and looking at doubling. In English, Year One have been concentrating on reading comprehension and creative writing. In Science, Wrens have been exploring polar habitats. Yesterday they had great fun exploring shadows and how materials cast shadows depending upon whether they are translucent or opaque. In History we have continued to explore nursing and in particular we have been learning about Mary Seacole and how she used the knowledge of natural remedies past down to her. The children also learnt about the prejudice she overcame. In PE we are continuing to build upon our throwing and catching skills. In DT the children are very excited and have started to design their own cardboard box cars incorporating chassis, axles and wheels. The transition mornings into their new classes went well and they look forward to a whole day next Thursday. We wish you a lovely weekend from Wrens.

Robins

In English, Robins class have been retelling the story of the Lighthouse Keepers lunch, they have created story maps to help them recall parts of the story. With post it notes the children made some changes to the story for example changing the seagulls to eagles. They have begun to write the story using conjunctions such as but, so and because. In Maths the children have been investigating and comparing capacity and volume and reading temperature on thermometers. This week, Year Ones have been exploring properties of 2D shape and the Year 2 have been finding all the lines of symmetry with 2D shapes. In History the children have learnt about and compared the lives of Florence Nightingale and Mary Seacole who both went to Crimea to help look after and treat the injured soldiers. In DT we have been exploring wheels and axles on moving vehicles and why they are needed before designing our own moving vehicle. In computing the children have been using chrome music lab to experiment and explore making sounds using high pitch and low pitch. To conclude our PSHE which has been about what jobs in the community help us, we had a visit from PCSO Simon Hall from West Mercia police who came and spoke the children about what his job in the community involves and of course the children got to sit in his police car and listen to the sirens! Robins class have also enjoyed meeting their new teachers for September during our transition mornings.

Last week, we started our History theme on the Stone Age. We looked at how long ago the Stone Age was on a timeline and why it is known as pre-history. We investigated different artefacts to make inferences about what life was like during the Stone Age. Last Friday, we went on a trip to Cheddar Gorge, Somerset, where we explored the caves where our ancestors would have lived over 10,000 years ago, we then had a pre-historic workshop with Josh our hunter gatherer, who told us all about Stone Age life. We got to see how tools and shelters were made and even got to hold some of the different materials and tools. We also visited the pre-historic museum to find out more about Stone Age life and Cheddar Man!

This week, in Maths, we have been using our knowledge of tenths and hundredths to divide by 10 and 100 and have also been looking at how we can use our knowledge of times tables to find equivalent fractions. In English, we have been learning about inverted commas and have been making 'speech sandwiches' to help write a dialogue between two characters – Stone Age boy and Om and writing a description of a character. In History, we have been creating our own cave paintings and making a timeline to show the different eras of the Stone Age. In PE, we have been developing our teamwork skills through multi-skills activities and showing off our swimming skills to Mrs Jones. In Music, we have been learning a traditional African song, 'Amani Utepe' and developing our skills to play the ukulele. We have also enjoyed two transition mornings (Tuesday and Wednesday) in our new classes for September, getting to know one another through different activities.

I just loved it all!"</p> <p>Maddy said; "I enjoyed finding out about the mushroom that holds sparks, it's called King Alfred's Cake."</p> <p>Noah said; "I learnt that they made their shelter out of animal skin, bones and sticks."</p>	 <p>Teamwork (and communication) makes the dream work!</p> 	 <p>Creating our very own cave drawings!</p> 	<p>dialogue pre-history Palaeolithic Mesolithic Neolithic</p>

In Owls class we have been representing numbers with up to 2 decimal places with mathematical equipment and using our knowledge to compare and order decimal numbers during our maths lessons. In History we have been exploring how historical sources help us to learn about the past and investigating what Skara Brae tells us about life in the Stone Age era. In D&T we have been learning about framed structures and looking at different methods used to make them stronger, while in PE we have been playing a range of team games. Last Friday we had a lovely morning on Coppett Hill and spent time finding out a lot about the local history, geography and habitats of our local environment from Ivan and George (two members of the Coppett Hill Trust.) In English, we have used a picture motivation along with a story opening to continue what we think would happen in the story. This week we have enjoyed two transition morning in our new classes for September and spent time getting to know each other a little better.

Last Thursday, Year 6 went to Hereford Cathedral for a special leavers' service. There were over 350 children there and in one part of the service, they had to make a paper aeroplane and write a good luck message on it. All at the same time, the aeroplanes were flown to other children in the cathedral. It was lovely seeing the children reading out their received messages. This week in English, Year 6 have been producing a comic to explain what is expected when you are the eldest in the school while Year 5 have been writing a story. In Maths, they have been learning about ratio and proportion in lots of practical ways! In Forest School on Tuesday afternoon, they enjoyed making fires. In P.E, they have been developing their rounders skills and in computing they have transferring 3D objects from different perspectives to designing a name keyring using Tinkercad with the view that these could be printed using a 3-D printer. On Tuesday and Wednesday, there were two transition mornings. Year 5 enjoyed getting to know their class for next year while Year 6 planned and delivered a series of indoor and outdoor activities for some of the Year 1 children. On Thursday, we had two visitors in from Hereford Council to talk to us about safeguarding the River Wye and the commitments needed for its future. We had some interesting discussions as stakeholders trying to find a common solution to the problems faced by the River Wye. We then created our own wetlands to replicate the ones being built presently.
